

**HELP** – volunteer cooks are needed for the Community Lunches which occur every quarter from March to December. If you are interested in helping please contact **Tim Vaughan-Lane** on **01223 880595**

## SWIFTS

Our focus this year will be on the Swifts that have taken up residence in the nest boxes in the Tower of St Vigor's Church. There are now 18 boxes and we have installed cameras in three boxes that were used last year. So we hope to be able to see live action from these nests and to share this experience with you on two Swift Open Days at St Vigor's Church – Saturday 17 June (with Open Gardens) and Saturday 15 July in Fulbourn Swift Watch Week.

Also on Tuesday 11 July at 7.30 pm there will be a talk about Swifts by Edward Mayer of Swift Conservation at the Swifts Meeting Rooms. Details from John Willis C. 881103.

4 Finance Report followed by Village Charities	11 Church reports
5 County Councillor's Report	12 Village Organisations
6 District Councillor's Reports	13 Any other business
7 FPC Sub Committee Reports	14 Chairman's closing comments

### Local Highway Initiative Bid 2017 - Solar Stud Lights on the Cambridge Road Cycleway

The PC is pleased to report that its bid for Solar Stud Lights on the Cambridge Road Cycleway has been successful following a presentation by Cllr Cone. Further details will be given in the next edition of the Pump.

### RECREATION GROUND – works will commence shortly to

level off, make good and re-seed the ground where the new pipe has been laid on the Recreation Ground. Members of the public are asked to take care while these works are ongoing. After re-seeding the area will be roped off with pedestrian access points.

## UK Power Networks

UK Power Networks delivers the electricity to homes and businesses across London, the East and South East of England. While power cuts are less frequent, when they do still occur they can be very worrying, especially to older people, people with chronic medical conditions or parents of very young children.

Consequently a '**Priority Services Register**' has been set up to enable them to identify vulnerable people quickly in the event of a power cut and get them the help they need.

You can find more about the free **Priority Service Register**, including information about who is eligible to register at:

[ukpowernetworks.co.uk/internet/en/powercuts/priority-services-during-a-power-cut/](http://ukpowernetworks.co.uk/internet/en/powercuts/priority-services-during-a-power-cut/)

## NEW PLANNING APPLICATIONS

### TEVERSHAM ROAD DEVELOPMENT

Following on from a recent Appeal hearing, a fresh planning application for the erection of up to 110 houses has been submitted by Castlefield International. The PC recently held a Public Exhibition of the plans to ensure parishioners had the chance to peruse the plans and documents and make any comments. At the Planning Meeting held shortly after the Public Exhibition, the PC again considered the site totally unsuitable for this proposed development and voted unanimously to recommend refusal of the application. At the time of going to press, no date for the application to go before SCDC's Planning Committee had been set.

### IDA DARWIN DEVELOPMENT

A fresh application for outline planning permission for up to 203 dwellings including affordable housing and land for community provision has been submitted by Cambs & Peterborough NHS Foundation Trust. The previous application had been refused by SCDC's Planning Committee. A Public Exhibition of the plans and documents was held on 29 March 2017 to give parishioners the opportunity to view the plans and make any comments.

If the application has been determined by then, a further update will be given in the July edition of the Pump.

## Local Highway Initiative Bid 2016 - Zebra Crossing on Cambridge Road/ VAS data collection box

After a delay of some months the PC were very disappointed to be told that their application for a zebra crossing on Cambridge Road had been turned down by Cambs County Council as it failed to meet the Government formula for providing pedestrian crossings.

As County must spend the money allocated to this scheme before the end of March 2017, Cllr Cone met with County to discuss other schemes that it could be used for. Following discussion and because of the short timetable, it was speedily agreed that a Vehicle Activated Scheme data collection box would be suitable. This device is portable and can be sited on lampposts in designated areas. This will have the benefit of highlighting drivers' speeds across the village and collect data for the PC, Highways and Police to analyse to justify future projects or locations for enforcement of traffic regulations.

## VIEWS SOUGHT ON PHARMACIES AND DISPENSARIES IN CAMBRIDGESHIRE

People in Cambridgeshire are being asked their views on pharmacies and dispensaries across the county. The consultation, commissioned by the Cambridgeshire Health and Wellbeing Board, which finishes on 30 April, asks people's views on pharmaceutical services for now and in the future. Pharmaceutical services include filling prescriptions, selling medicines that don't need a prescription, giving advice and supporting people to quit smoking. At the moment there are 110 pharmacies and 43 dispensing GP practices across Cambridgeshire, with 23 pharmaceutical service providers per 100,000 people, the same as the national average.

People's views will help to inform the Pharmaceutical Needs Assessment (PNA), a statutory report produced by the Cambridgeshire Health and Wellbeing Board. This will then be used to help shape future development of pharmaceutical services across the county, including decisions made by NHS England on applications to open new pharmacies. The final PNA will be published by July 2017. Director of Public Health at Cambridgeshire County Council, Dr Liz Robin said: "Providers of pharmaceutical services across Cambridgeshire play an essential role in improving the health of the local people. They are often the first point of contact for many, including for those who might otherwise not access health services. The public consultation provides a valuable opportunity to ensure that the views of local residents help to shape this needs assessment.

Cambridgeshire County Councillor Tony Orgee, Chairman of the Cambridgeshire Health and Wellbeing Board, said: "Pharmaceutical services play a key role in our communities. They can provide advice, information and treatment for minor ailments, which reduces the workload for overstretched GP surgeries and our hospitals. They can also help spot more serious illnesses and refer those people to the correct services. They are one of the building blocks in our health service and I'd encourage everyone to respond to the consultation."

The consultation and draft PNA document can be accessed here: <http://cambridgeshireinsight.org.uk/JSNA/PNA>

### Parking issues

- following many emails and complaints about parking enforcement in our villages, Chief Inspector James Sutherland has set up an online web page where reports about parking in our villages can be made.

The web site is [http://tinyurl.com/SouthCambs Parking](http://tinyurl.com/SouthCambsParking).

Following the information gathered about exact hot spots, the Police will then be doing 'crack down' visits.

### eCops/Neighbourhood Alerts

These online daily alerts are a good way of keeping abreast of what is happening in your local area and give lots of useful tips on keeping safe and safeguarding your property.

To join go to [www.ecops.org](http://www.ecops.org)

### Scams, fraud and internet crime

If you suspect you have been a victim report it to [actionfraud.police.uk](http://actionfraud.police.uk) Further information and guidance can be found at [www.thinkjessica.com](http://www.thinkjessica.com)

### 'Buy with Confidence'

- Cambridgeshire Trading Standards have set up an approved business scheme. To find a Buy with Confidence member enter your postcode into the Buy with Confidence web site [www.buywithconfidence.gov.uk](http://www.buywithconfidence.gov.uk) If you don't have access to the internet you can get details at your local library or by calling 03454 040506. When a business has become a member of the scheme they are monitored by Trading Standards to ensure their continuing commitment to customer care.
